WHAT REALLY COUNTS IN EDUCATION?

The Wyatt Trust
External Thought Leader Round Table
Held in Adelaide, 20th November 2013

FACILITATOR:

Lea Stevens

KEY THEMES:

- The creation of meaning, purpose, relationships and connection; across sectors, with trusted adults, with peers, and beyond the school
- Tailoring approaches to suit the needs of individual students and their families at various points throughout the educational journey
- Transformation can require short-term support at times; and sometimes it requires prolonged, in-depth assistance
- There are 'real' barriers, with simple, 'real' solutions; eg. funding for transport, extra-curricular activities.

NEXT STEP:

Exploration of the various indicators of success and their implications in the context of measurement.

FOR MORE INFORMATION:

ContactJess Sutherland, Grants Portfolio Manager (Education), The Wyatt Trust

Email: jsutherland@ wyatt.org.au

* Summation of key words reflecting emphasis during discussion.
